Team Charter

Aurora Studio

Claudia, Ellyshia, Jasmin, Magda, Nikoleta, Sumaya

Contents

- **Team members:**

Name	Strengths	Weaknesses
Claudia	● Development (HTML, CSS, JS, React, NodeJS, MongoDB) ● Design (if followed by a model) (Figma, Canva) ● Photography ● Documentation (Project plan etc.) ● Presenting and creating presentations ● Organized ● Punctual ● Communication ● UX research	● Blender 3D modeling ● Research in general (not the ux one) ● All Adobe ● I work 2 days at sub so I will be absent Tuesday (Dinsdag) and Friday (Vrijdag) ● Editing video and photo

Ellyshia	- Development (HTML, CSS, JS, NodeJS) 3D modeling (Blender) - UX design (Figma, Adobe XD) - Design (Adobe Illustrator) - Organizing and planning - Documentations (written documents & Git) - Dedicated and passionate with my works	- Videography & photography - Sometimes have too high standard and unconsciously forces it on someone else (pls remind me & humble me when I do this) - Finds it hard to improvise while presenting so most of the time I will need a planned script
Jasmin	- Development (HTML ,CSS ,JS) - Design Figma - Design Canva - Research/Documentation - Organized	3D modeling (Blender) - Adobe (didn't use much) - Perfection - Communication English
Magda	- UX and UI design - Prototyping/Figma - Adobe Lightroom and Photoshop - Structuring documentation and deadlines punctuality - Discipline	- Tent to be biased regarding user experience based on personal experiences, which could not always be the case for all users - Hyber Independent when occurring a problem - Programmer thinking could be further developed

Nikoleta	- Development(HTML, CSS, JS, NodeJS) - Design (Figma, Adobe, Inkscape, Canva, Logo creation, Poster creation, General Arts) - Research & Communication - Photography & Film (Photoshop) - Video editing (Premere Pro) - Some experience directing a commercial set	- Blender 3D modeling - Easily distracted - Not always punctual - Not always organized - Dutch - JS can be improved upon - Okay at research but doesn't like it much
Sumaya	- Development (HTML,CSS, JS) - Poster - Communication - Photography - Figma - Adobe (logo design) - Research - Leadership	- Blender 3D modeling - Not that good in experessing my words because of the English

- **Core values**
- Dedication and passion
- Professional
- Innovative and creative
- Synergy
- Empathetic and flexible

- **Group norms (aka – rules):**
  1. If someone is not present or comes late, we announce it on WhatsApp.
  2. We can and should ask for help from each other
  3. Do not start working on something before checking with the team
  4. Be present for every group meeting (2 days/week - Monday/Maandag & Thursday/Donderdag). If unable to attend, please communicate in Whatsapp.
     - Wednesday - Personal Work Day
  5. Respect everyone's ideas and contributions.
  6. Stay open to feedback and be willing to adapt.
